CitySend - Track a Request

Below is a map of all of the current service requests throughout Longview that were submitted using the CitySend Service Request System. With your mouse, hover over any of the pins on the map for detailed information about each request. Gray pins indicate requests that have been closed.

Please note: depending on your internet speed, the map may take a moment to load.

***The map only shows issues submitted using the CitySend service request system, and does not include requests submitted in person or over the phone.*

Not seeing the pins on the map? Try refreshing this webpage in your browser.
