Dear Water Customer,

Annual Testing of Backflow Prevention Devices - Org Acct Physical Address Org Acct Physical Address Org Acct Physical City, AK 5555555

Our affiliate, Backflow Solutions Inc., has previously sent two notices regarding testing requirements for your backflow prevention device(s) and as of today, we have not received a passing test report for your device(s). In accordance with the City of Longview's Ordinance No. 3020, the water supply at your property listed above will be **disconnected at the end of 10 business days**. Your water service will remain discontinued until you have completed the testing requirements of your backflow prevention device(s).

The device(s) listed below were due to be tested by: **April 17, 2015**

Size	Manufacturer	Model	Serial Number	Hazard	Location
------	--------------	-------	---------------	--------	----------

In the event that the device(s) have been tested by a tester but have not been submitted, please contact your testing company. To verify the status of your test submission, please contact BSI Online at 1-800-414-4990 or visit their website at www.bsionlinetracking.com.

Included with this letter is a informative brochure regarding the Cross-Connection Control/Backflow Prevention Program and a list of known licensed testers in your area. If you have questions regarding the City of Longview's Cross-Connection Control/Backflow Prevention Program, to request an extension or to make arrangements to sign and submit an Inactive Irrigation System Certificate, please contact Michelle Cothron in at (903) 237-2787.

Sincerely,

Michael K. Brown
