DATE:

April 7-12, 2019

CLASS BEGINS: 5:00pm Sunday

CLASS ENDS: 12:00pm Friday

TUITION:

\$850.00 includes meals and all training materials.

The Longview Fire Department in association with Union Pacific Railroad, BNSF, and our corporate sponsors will be hosting our annual Tank Car Safety Specialist Course in Longview Texas. This course provides unique insights into tank car construction, fittings, behavior in derailments, and an integrated emergency management plan.

This course is designed to give firefighters, environmental contractors, hazardous materials technicians, and other first responders the hands-on experience needed to safely respond and work in today's complex world of hazmat rail emergencies.

SIGN UP TODAY

Class size is limited to 45!
Application deadline March 9
