

CITY OF LONGVIEW
PURCHASING DIVISION

Addendum No 2

March 6, 2017

Request for Qualifications 1617-21 Bicycle and Pedestrian Plan

The following questions were received:

1. Are there any active or standing committees, task forces, or groups that focus on improving biking and walking conditions in the area or in individual communities?

Answer: The Longview MPO Technical Committee is the only group that focuses on improving biking and walking conditions. There are no ad-hoc committees, task forces or specialty groups in existence.

2. Does the MPO have a uniform database for streets, including pavement width, speed limit, and traffic volume?

Answer: The City of Longview is the only municipality within the Longview MPO that has GIS shapefiles for streets, with pavement width and traffic counts. Speed limit data is not available.

If you have any further questions, please contact the Purchasing Department.
