City of Longview RFQ # 1819-02 Long Range Transportation Planning Services-Travel Demand Model Review, Thoroughfare Plan Update, and Metropolitan Transportation Plan Project Prioritization

City of Longview received the following question:

On page 11, under #4 Proposed Approach and Work Plan, the RFQ states that any tables submitted in the response with numbers must have subtotals and grand totals. Can you elaborate on what information the City is expecting to see in table format?

Answer: The City of Longview does not have expectations for content submitted in table format. However, should you choose to include numerical content, the City of Longview expects any numerical content provided in table format to have subtotals and grand totals. The City of Longview does not require the use of tables in the Response submission of Section 1-18, #4 Proposed Approach and Work Plan."

If you have any further questions, please contact the Purchasing Department.
